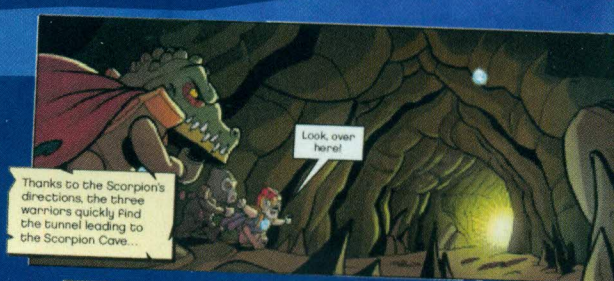
LEGO LEGENDS OF CHIMA™

# THE STORY SO FAR...

Hello, I'm Gorzan. We have so many adventures in the Outland that it's hard to keep track of them all. Let me tell you some of the most exciting bits from last issue...

## Gorilla attack!

"Dude, what was that? Me and my fellow **Gorillas** started acting really strangely! We were attacking everything in the jungle with our **robots**! Laval, Cragger and their friends soon found out why..



Look, over here!
Thanks to the Scorpion's directions, the three warriors quickly find the tunnel leading to the Scorpion Cave...

## Help!

"**G'Loona** warned Laval and the others. Together, they went on a **journey** into our forest. There, they found out that the Scorpions were controlling the **minds** of the Gorillas with **poison**. Our friends searched for the cure that was in the **cave of the Scorpions**, but the Scorpions and the Bats didn't want to let them pass without a fight."

Grumlo gets a big surprise...
Eat that, Gorilla!
We have a gift for you. Special armour made by our friend Lavertus. This will protect you from Scorpion stings in the future.

## Exciting escape!

"Thanks to the **Crocodile Legend Beast**, our heroes were able to escape unharmed. Luckily, they were able to get **one sample** of the **special cure**! The **rare moss** helped us Gorillas return to normal and we became relaxed and happy again. And now we've got **new armour** that will protect us against the Scorpions' poison!"

NOW READ OUR EXCITING NEW COMIC AND WATCH OUT FOR ALL THE BATS!

In an exciting rescue mission, our heroes have freed the Raven Legend Beast from the Scorpions. The young warriors are now travelling to Chima together in order to bring the good news to the Raven Tribe.

# ATTACK OF THE BATS!

## PART 1

Something is troubling Eris, though...

Eris, what's wrong? We did it! Doesn't that make you happy?

Of course it does. I was just wondering what will happen to us once we've saved Chima.

I'll become king and you'll be the leader of the Eagles' Council!

But the Council hasn't even had a she-eagle *member* before, let alone leader!

Look!

The Eagles are under attack from a swarm of Bats! We have to help them!

Eris, Laval and Razar are flying to Eagles' Spire on the back of the Raven Legend Beast. The Raven has to avoid loads of explosions!

Is everyone okay?
Everything is under control... For now. But there is another problem...
Equila's Ultra Striker had to make an emergency landing on a treetop and now it's about to crash down on the village of the Beavers. Take the CHI and help them!
But wouldn't it make more sense to use the last CHI orbs against the Bats?
We have to think of everyone who lives in Chima. The Beavers could lose all their homes.
I'm going to relieve the Bats of a few things!
Razar, what about you?
Come on, we're taking an Eagle Interceptor!

So off they go...
This is your chance to show your tribe what you're made of!
What do you mean?
You could bring the cave of the Bats down with a CHI explosion and bury the Bats forever. That would get you a seat on the Ruling Council!
But what about the Beavers? They would lose their homes!
You know the Beavers. They'll be glad of the chance to rebuild their village.
Eris, Destroyer of the Bats ... I like that!

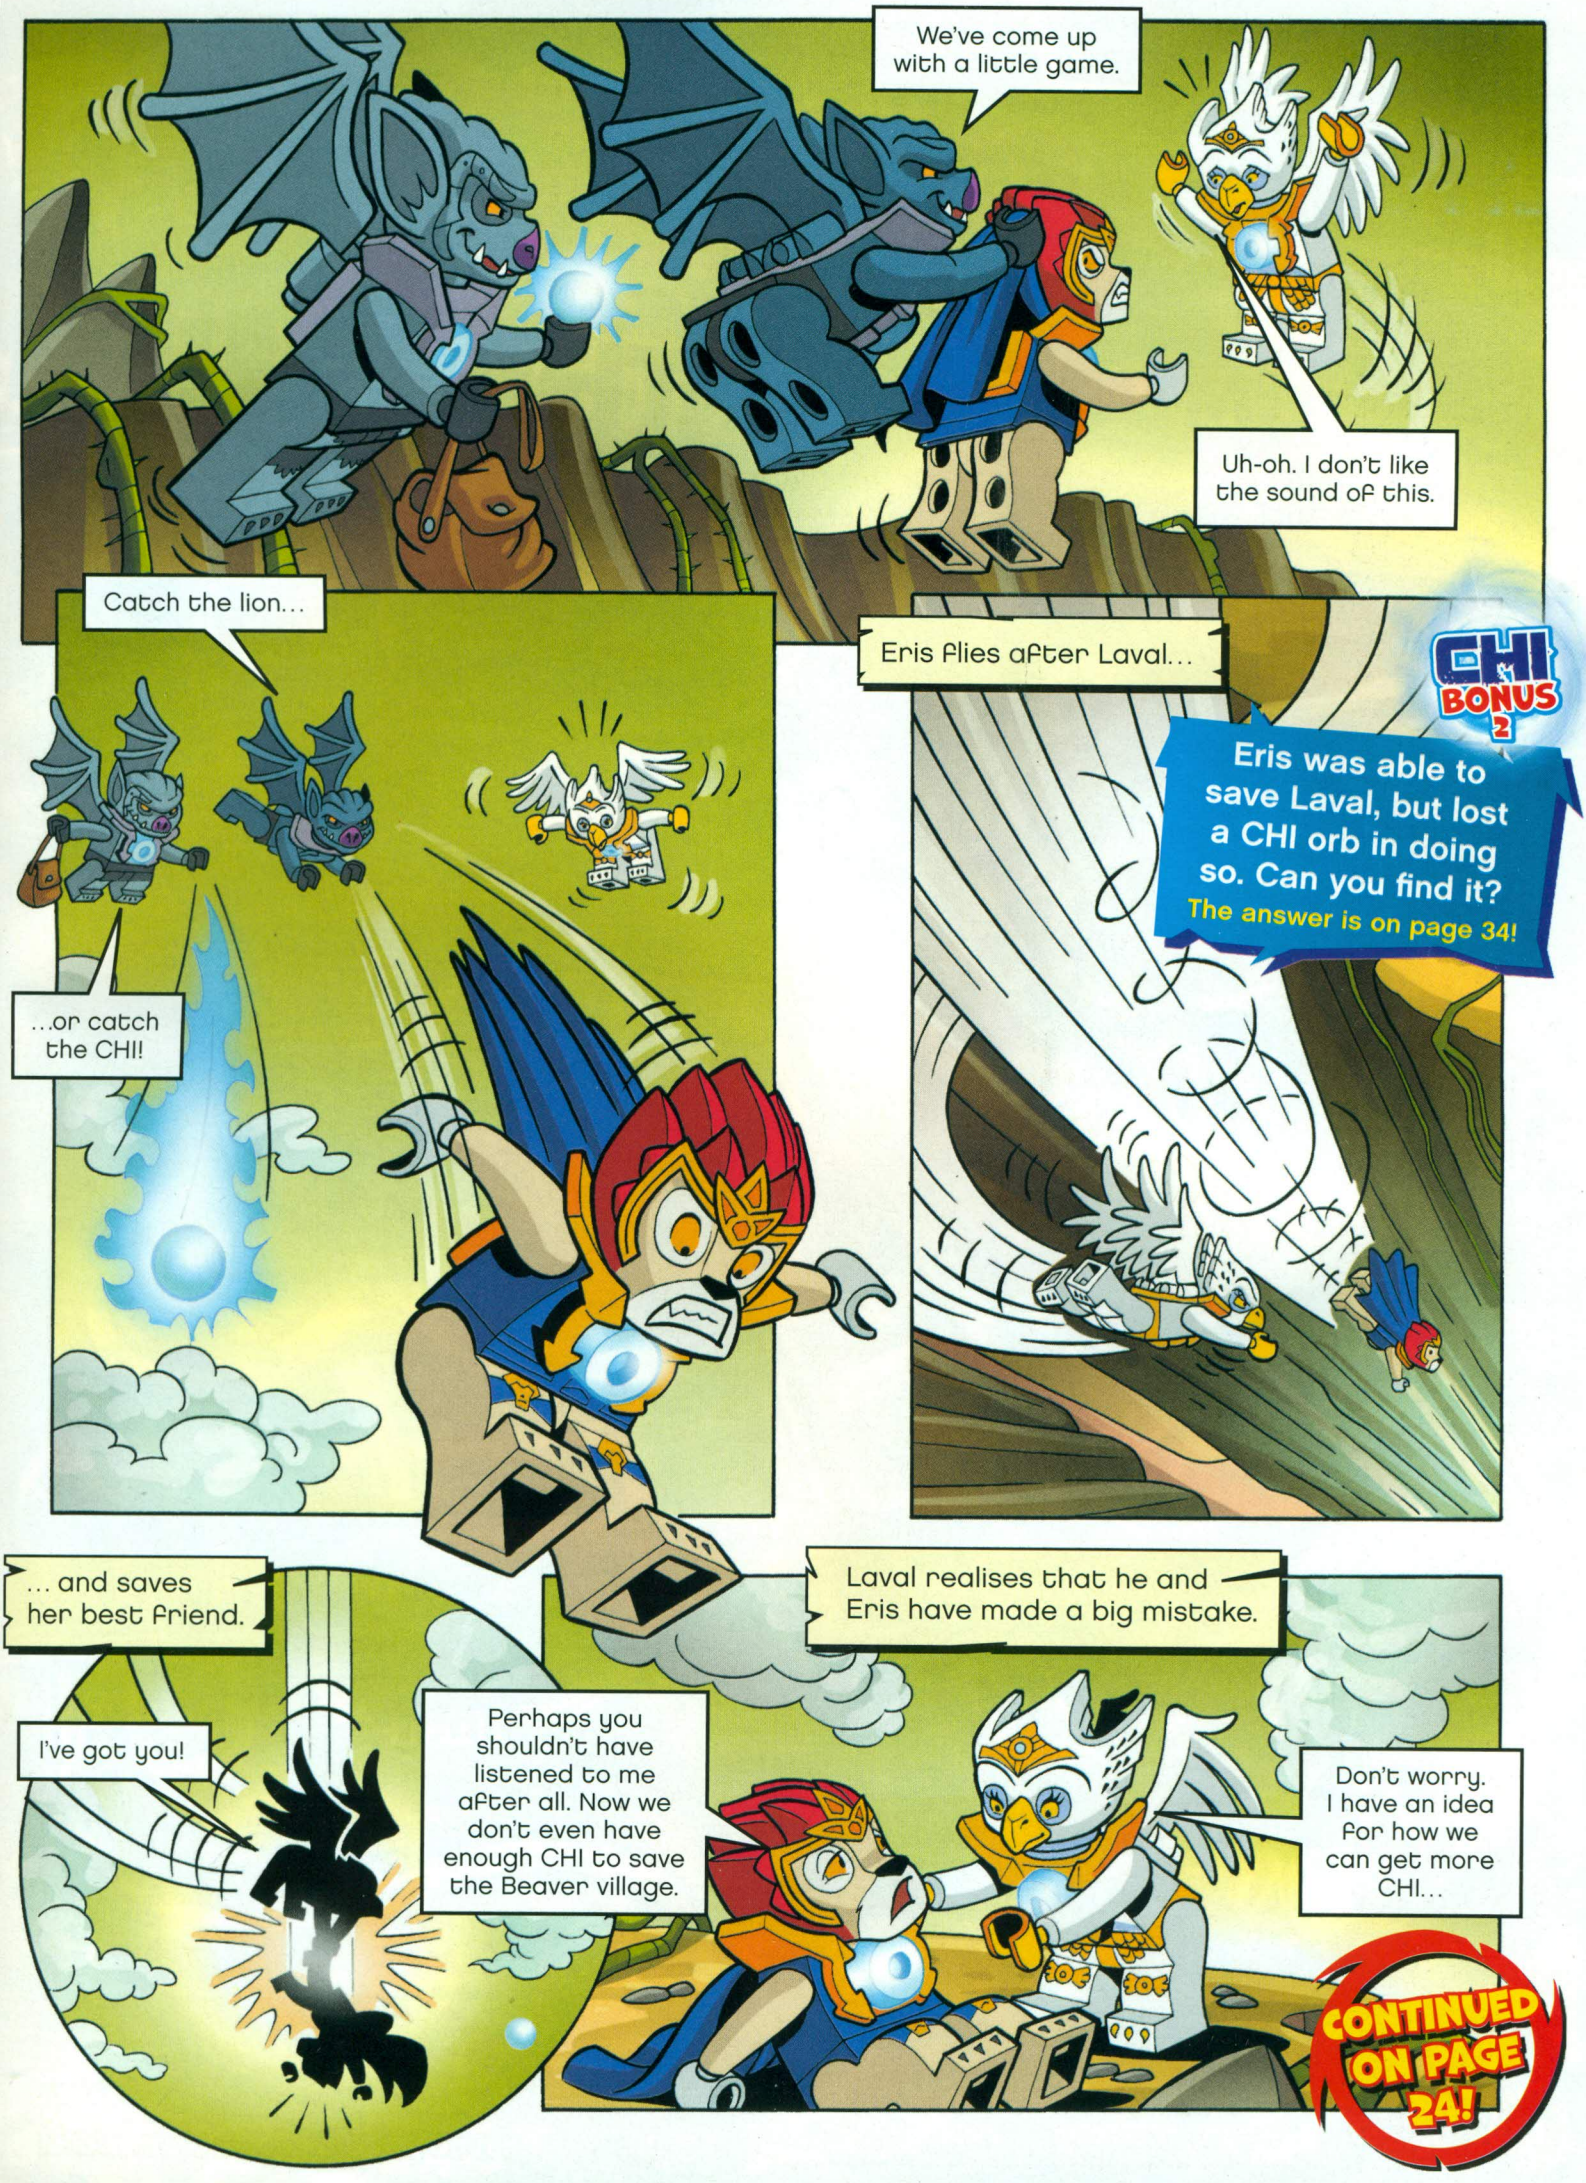
Back in the Outlands, Eris and Laval are planning their attack on the Bats.
So, how do we make our CHI explode?
CHI BONUS 1
Watch out! An evil Bat is lurking around in the Outlands. Can you find it?
The answer is on page 34!
But what's that? Eris's Eagle Interceptor is being destroyed by Strangler Grass! And what's happening to Laval?
Laval?
Oh no! Blista and Braptor have kidnapped Laval and stolen the CHI!
Ha! We've got Laval!
And the CHI! Ha ha!



We've come up with a little game.
Uh-oh. I don't like the sound of this.
Catch the lion...
...or catch the CHI!
Eris flies after Laval...
CHI BONUS 2
Eris was able to save Laval, but lost a CHI orb in doing so. Can you find it?
The answer is on page 34!
... and saves her best friend.
I've got you!
Perhaps you shouldn't have listened to me after all. Now we don't even have enough CHI to save the Beaver village.
Laval realises that he and Eris have made a big mistake.
Don't worry. I have an idea for how we can get more CHI...
CONTINUED ON PAGE 24!

# THE SCORPIONS

Of all the insects, the Scorpions are the meanest. They are very intelligent and brilliant at scheming. They are the leaders of the Spiders and the Bats.

SCORM

Scorm is impatient, power-hungry and really evil. The King of the Scorpions is obsessed with the idea of getting his claws on the very last drops of CHI. And he will stop at nothing to get his way. He can briefly gain control over the other animals with the poison from his sting.

SCOLDER

Normal Scorpions like Scolder are the brave warriors of Scorm, the King of the Scorpions. They only have two legs and don't have any special powers. But they are obedient, extremely courageous and there's lots of them!

SCUTTER

There are also Scorpions that walk on six legs. What's more, they have huge stinging tails which can fire off dangerous venom! The other Scorpions can only sting. Scutter is one of the six-legged Scorpions and Scorm's best warrior.

SPITTER PLANTS
These plants spit deadly slime at their victims. Watch out!
POD BOMBERS
The pods of this plant are very explosive and extremely dangerous!
WHIPPER VINES
These vines leap out at people and trap them!
SCORPION SPEEDORZ
The Scorpions only recently came into contact with CHI, so they've only had their human form for a short time. Because of this, their Speedorz are not as advanced as the other animals' yet. Like their pilots, their Speedorz have two claws and a dangerous tail.
STRANGLER GRASS
Grows super-fast, spreads like crazy and can cover entire vehicles.

GAME

FOR 2-4 PLAYERS

# SPEEDORZ RACE!

Who's the most daring Speedorz pilot in Chima? Grab some mates and your Chima toys to find out!

**What you need**

- 1 Chima figure and 1 Speedor per player
- 6 blue CHI stones
- A Speedorz ramp

**How it works:**

- Place the figures in the **Start box** and the Speedorz on the edge. The youngest player starts.
- **Take turns to throw** and move along the stone circles.
- If a player lands on a **circle** already occupied by **another player's Speedor**, just jump over it.
- When a player reaches an **activity box**, he must stop immediately and not move any further for this turn.

The first player to reach the finish with an exact throw is the **WINNER**.

## GATES OF FORTUNE!

- Set up **three gates** in a row, 5cm apart, each consisting of two blue CHI stones.
- Race your Speedor through **all three gates** without knocking a CHI over!
- For each gate passed you can move **forward two boxes!**

## LONG JUMP!

- Line up **six CHI stones**. There should be a gap of roughly 10cm between each stone.
- Set up the ramp in front of the first stone.
- Jump **over the ramp** with your **Speedor**. **For each** stone you **jump over**, you can move **forward one box!**

START

## CHI TOWER!

- Build a **tower** out of **six CHI stones** and place it about 10cm from the ramp.
- Now run your Speedor over the ramp and try to **knock down the CHI tower!**
- Count **how many pieces** the tower has broken into. You can move forward **this many boxes!**

## HIGH JUMP!

- Build **two towers** out of **three CHI stones** each and place them right next to each other. Place the ramp 5cm away.
- Try to **jump over both towers** without knocking them over.
- For each tower left standing, you can move **forward one box!**

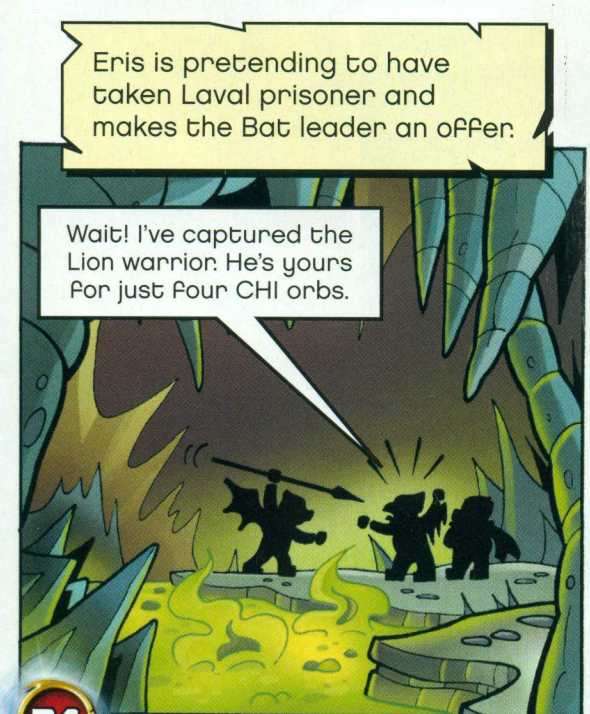
# ATTACK OF THE BATS! PART 2

Later in the cave of the Bats. Braptor, the leader, is hanging from the ceiling, having his afternoon nap.
Master, we have visitors.

**CHI BONUS 3**

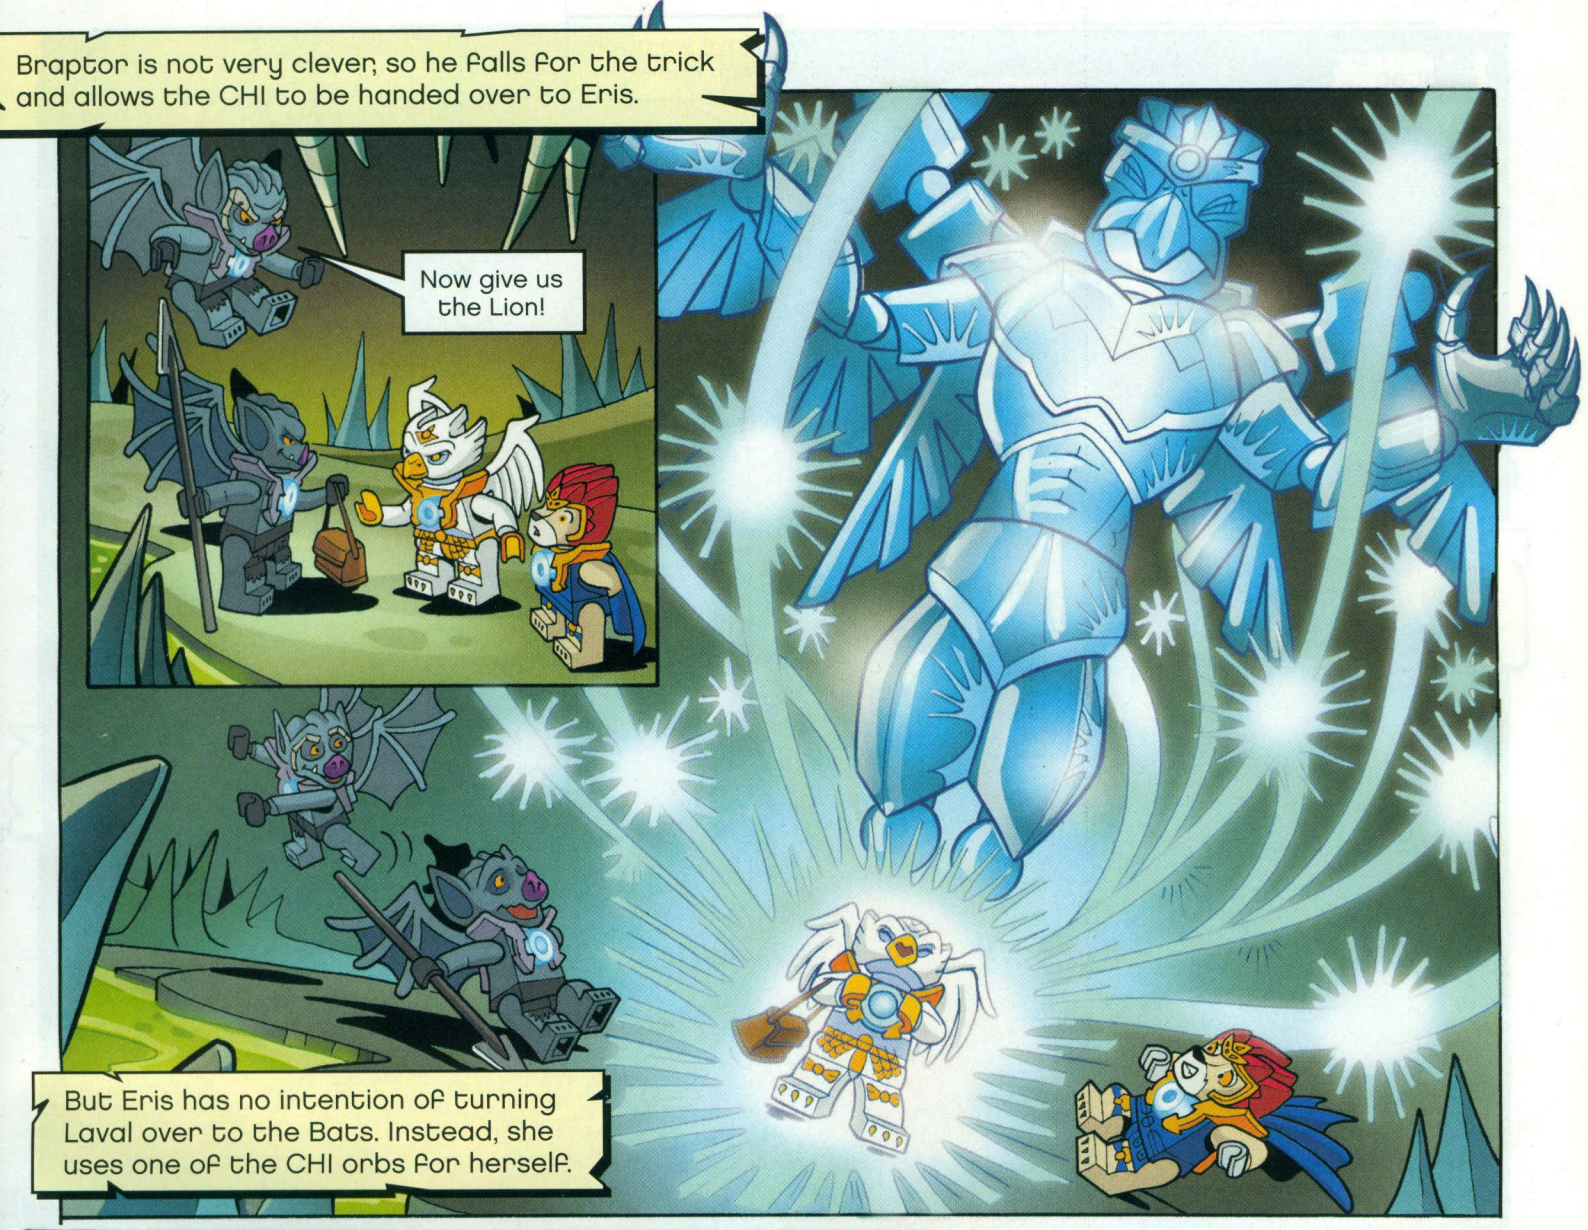
**Grab a pen and circle all the Bats on these two pages. How many did you find – all of them?!**

Find the answer on page 34!



Eris is pretending to have taken Laval prisoner and makes the Bat leader an offer.
Wait! I've captured the Lion warrior. He's yours for just four CHI orbs.

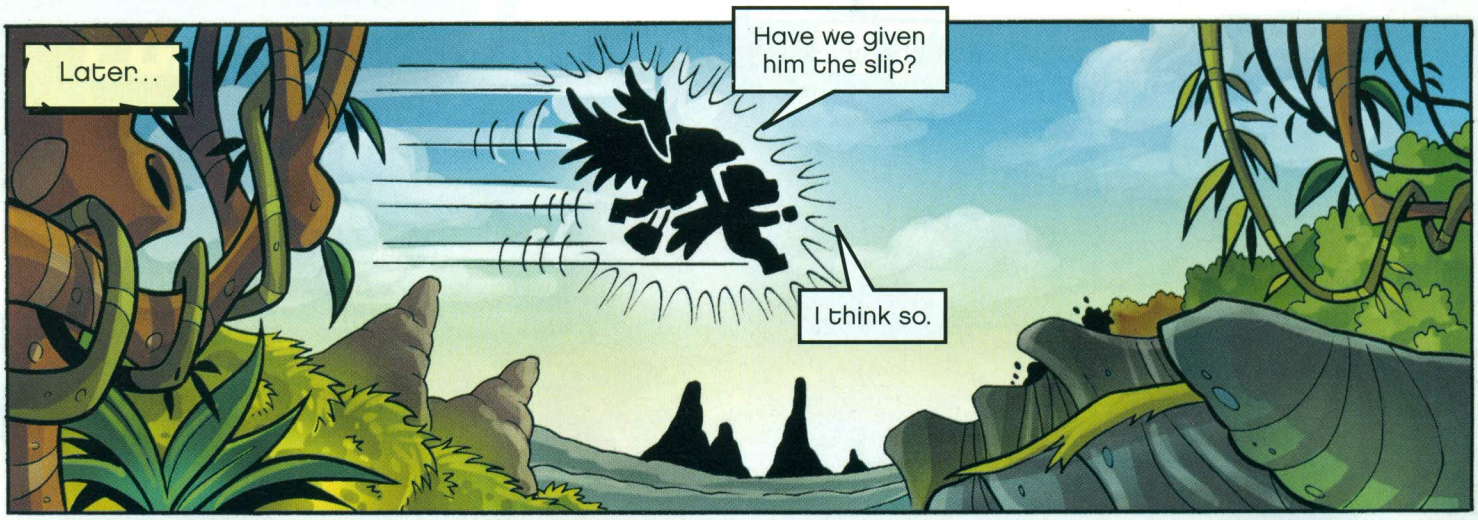
Why should I accept your offer?
My father is King LaGravis. He would give his whole kingdom in exchange for me, and a kingdom is worth way more than four CHI orbs!

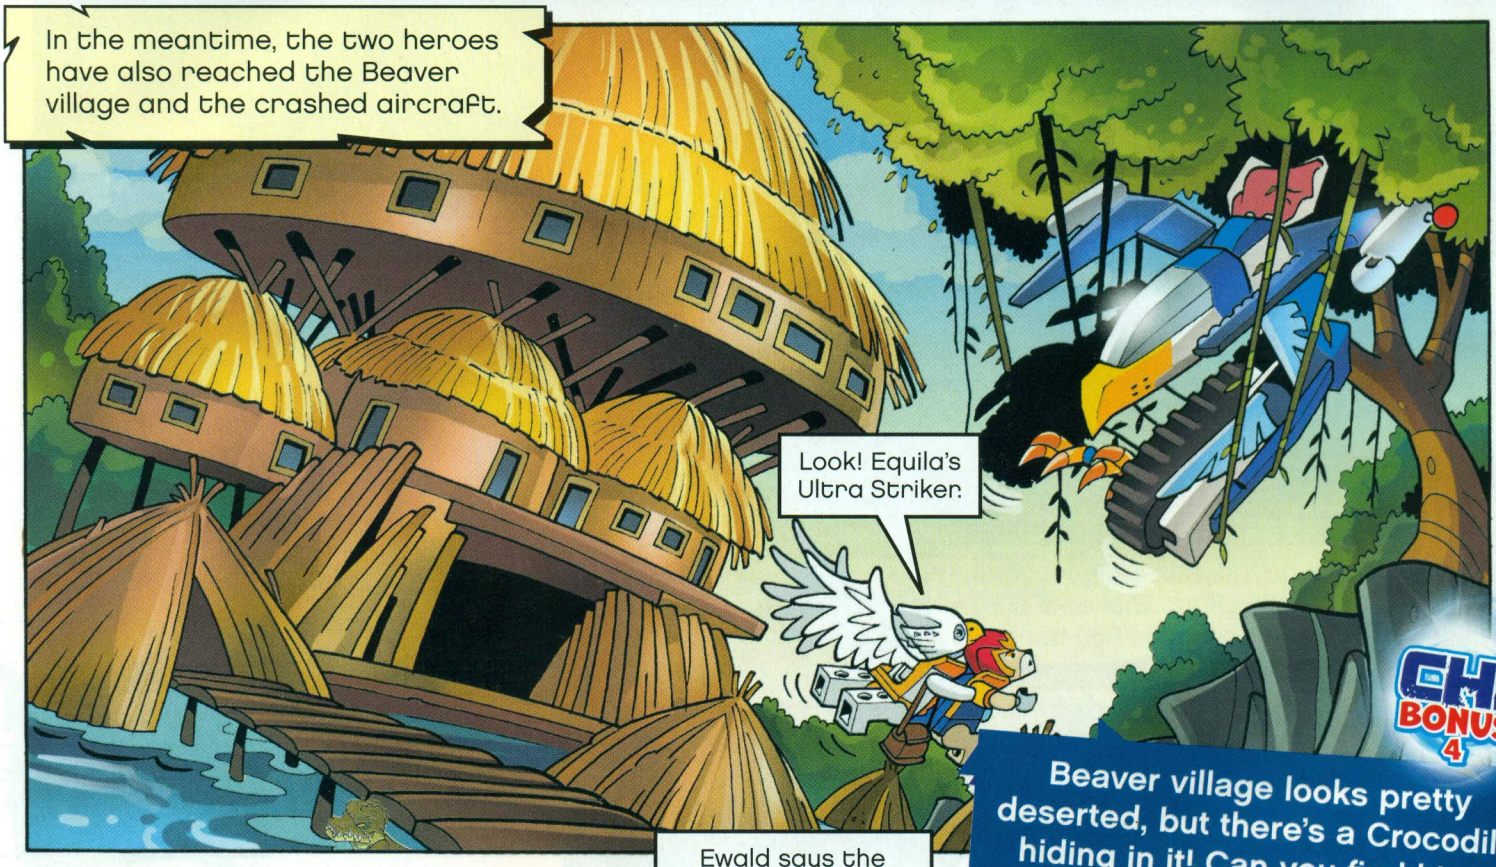


Braptor is not very clever, so he falls for the trick and allows the CHI to be handed over to Eris.
Now give us the Lion!
But Eris has no intention of turning Laval over to the Bats. Instead, she uses one of the CHI orbs for herself.

Hurry! Send the swarm after them.
Quick! Let's get out of here.

Master, you ordered the swarm to take Eagles' Spire.
Then follow them!





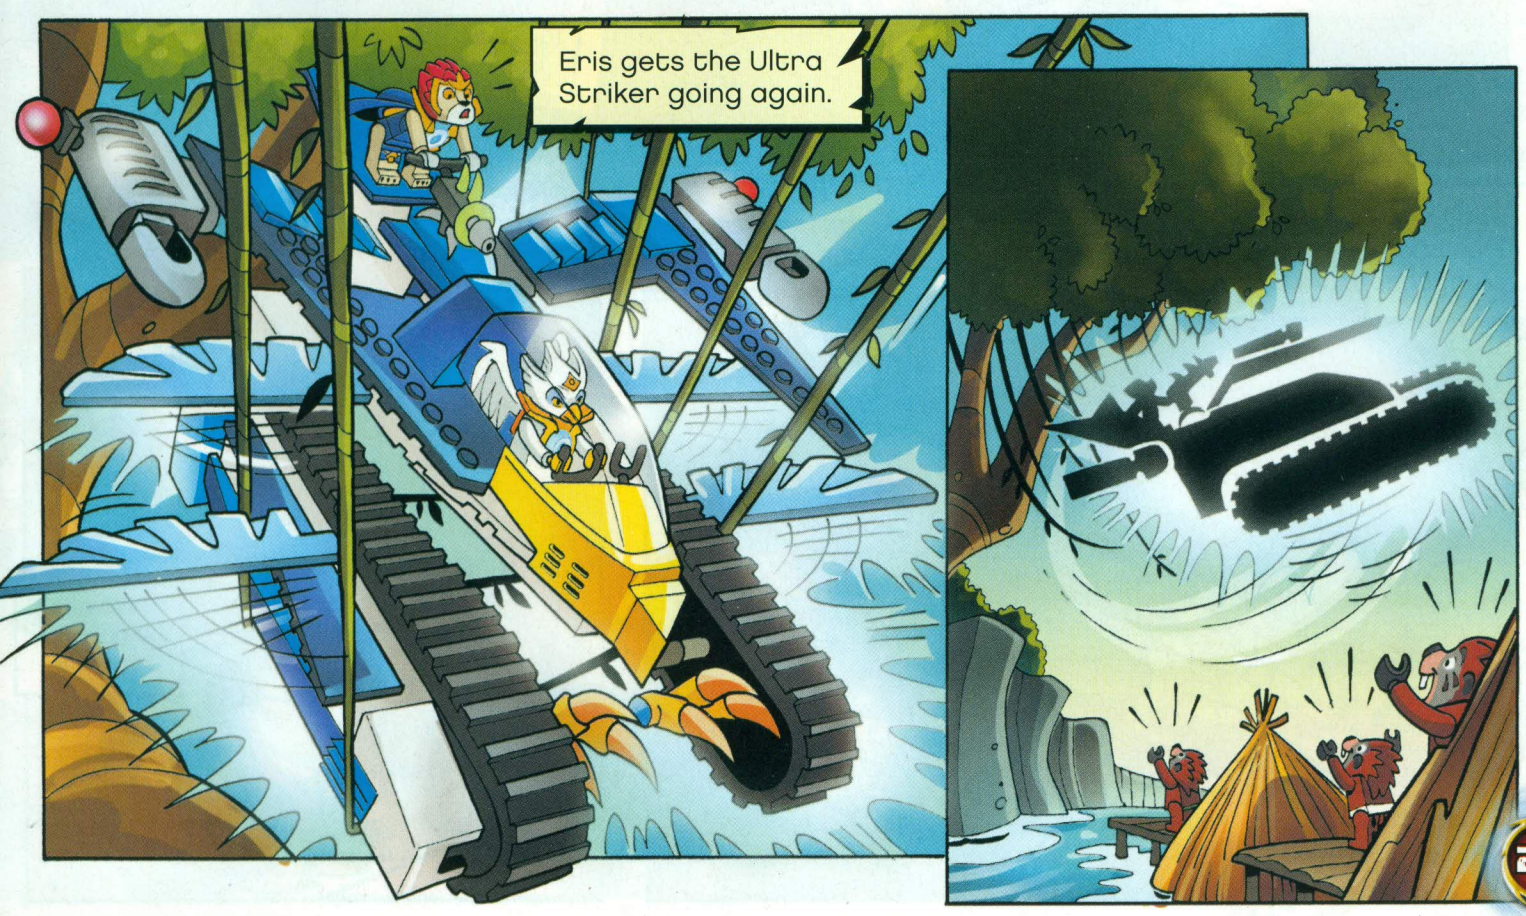
In the meantime, the two heroes have also reached the Beaver village and the crashed aircraft.
Look! Equila's Ultra Striker.

CHI BONUS 4

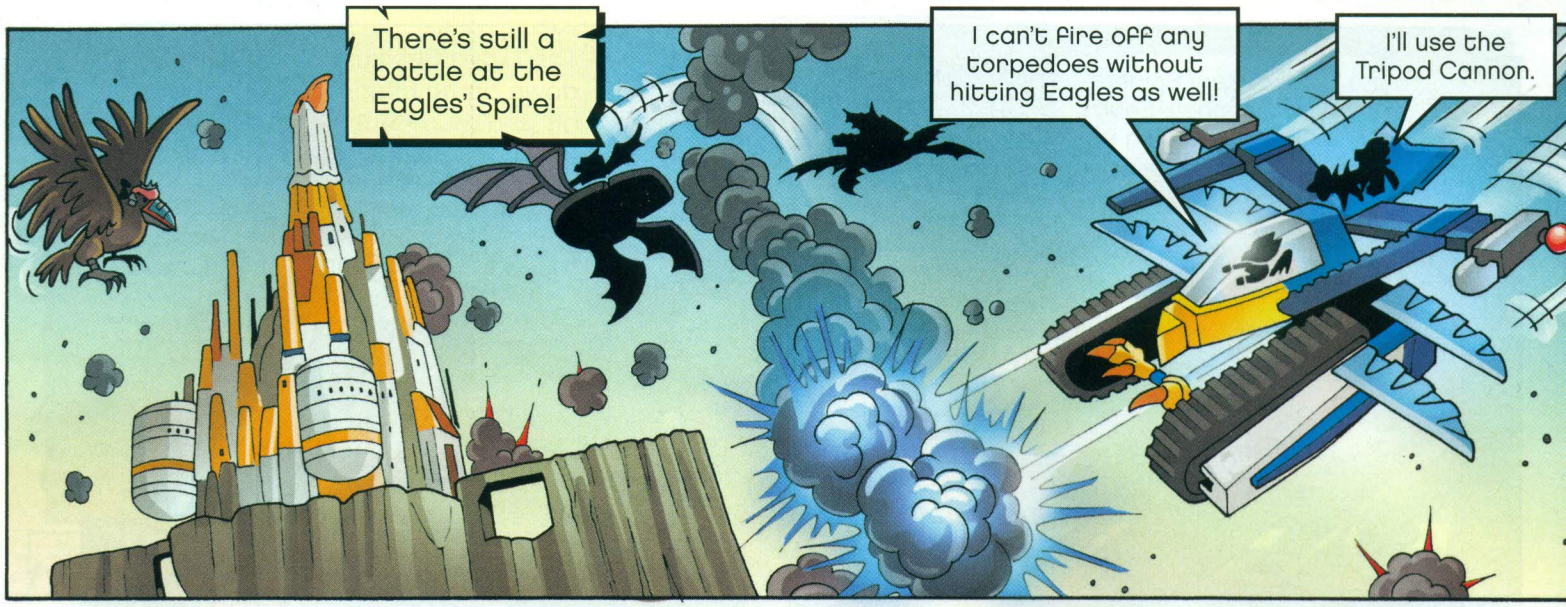
**Beaver village looks pretty deserted, but there's a Crocodile hiding in it! Can you find him?**

**The answer is on page 34!**

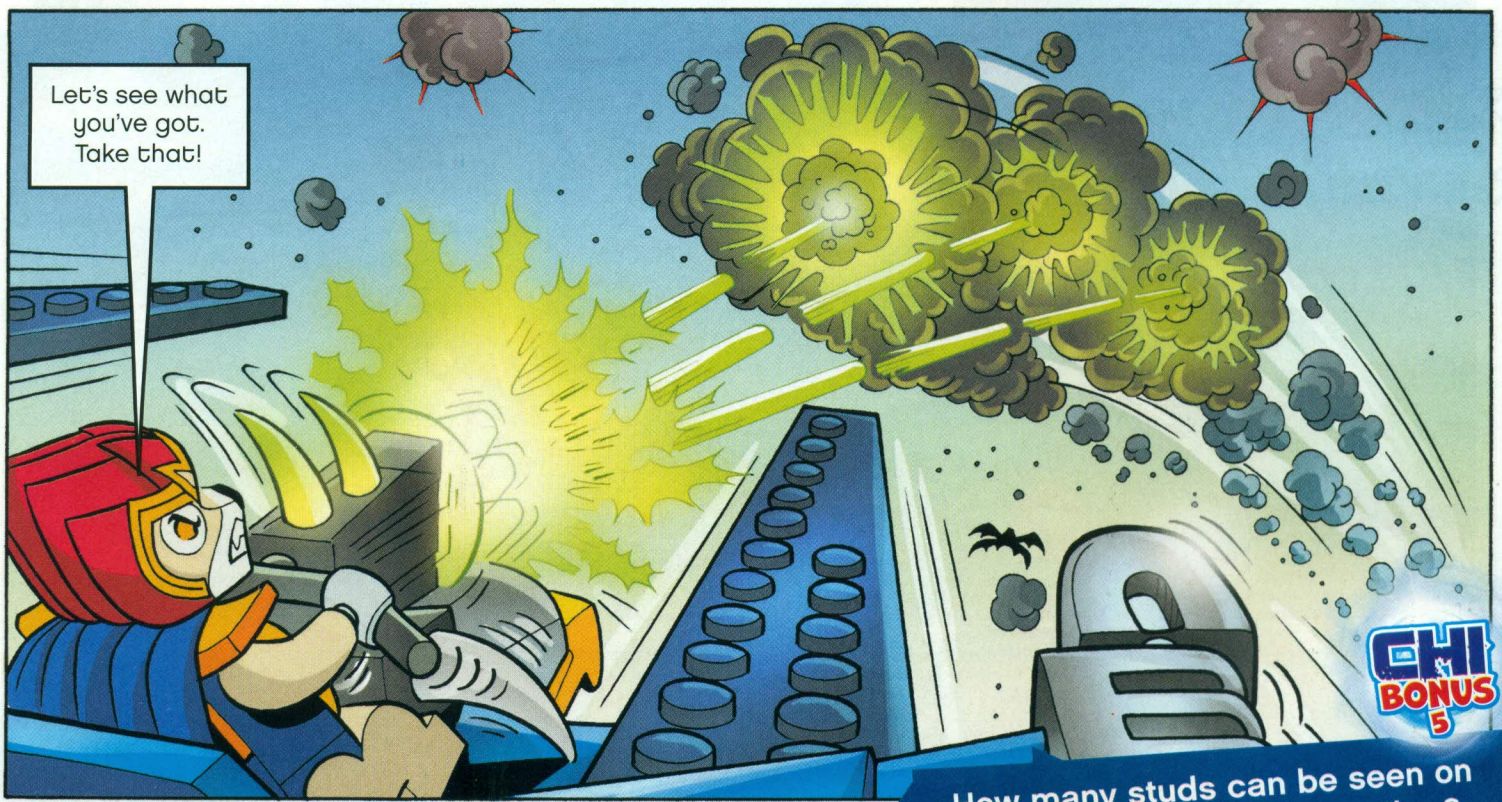
Looks like a Spider Tripod Cannon. Equila must have stolen it!
The Ultra Striker could crash down on to the Beaver village at any moment!
We should feed the machine with CHI as quickly as possible, then fly back to Eagles' Spire.
Suddenly, the branches under the aircraft give way.



Eris gets the Ultra Striker going again.



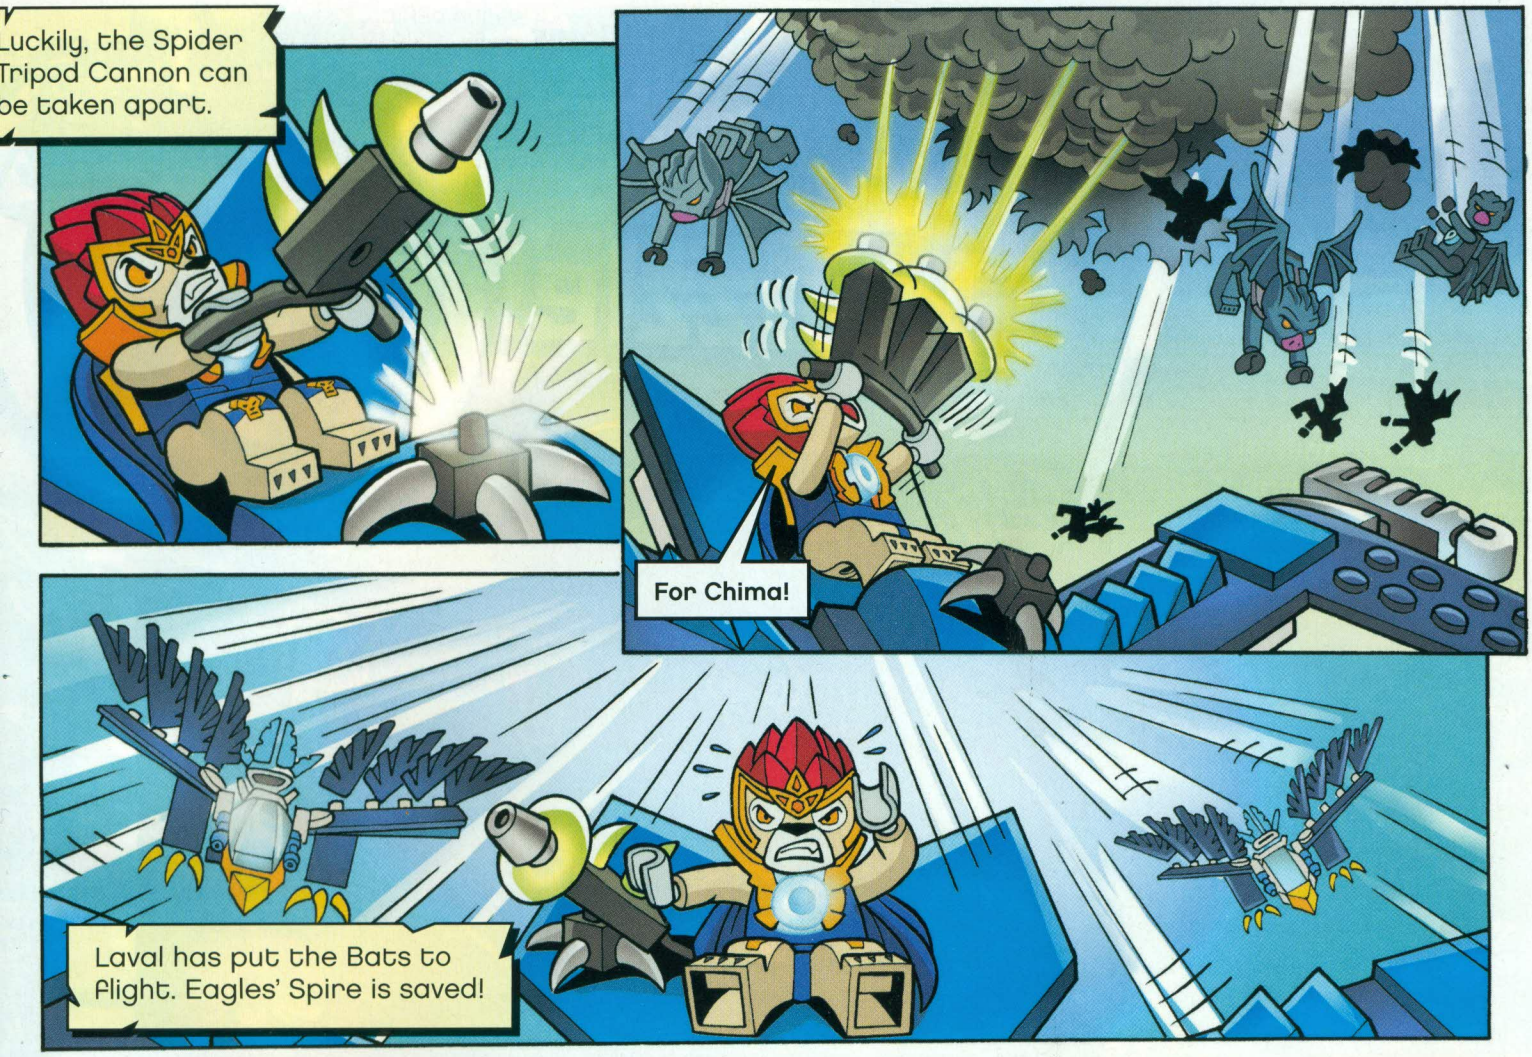
There's still a battle at the Eagles' Spire!
I can't fire off any torpedoes without hitting Eagles as well!
I'll use the Tripod Cannon.



CHI BONUS 5

How many studs can be seen on both wings of the Ultra Striker?

The answer is on page 34!



Luckily, the Spider Tripod Cannon can be taken apart.
For Chima!
Laval has put the Bats to flight. Eagles' Spire is saved!

The Eagles thank Eris, Laval and Razar for their help. Eris is so happy!
Thank you for saving the Beaver village and bringing back my Ultra Striker!
We're very proud of you, Eris. In a few years, you will go on the Eagle Council. And who knows – perhaps you will be our leader one day!
